

For 24 hours ending 5 p. m. Thursday. Victoria and vicinity—Fresh to strong southerly and westerly winds, unsettled and cool, with rain.

Royal Victoria—Billie Burke. Dominion—Mme. Petrova. Variety—Harold Lockwood.

ALBERTA APPEAL COURT TAKES UP ARMY EXEMPTION CASE

ALLIED TROOPS CONTINUE THEIR ADVANCE IN ALBANIA, PRESSING AUSTRIANS BACK, ROME ANNOUNCES

Enemy Beaten Back on Both Sides of Osum River; Gains Made by Franco-Italian Forces Threaten Position of Austrians in Central Albania

Rome, July 10.—The Italian troops on the offensive in Albania are continuing their advance, the War Office announced today. The enemy in yesterday's fighting was beaten back on both sides of the Osum River.

London, July 10.—The Franco-Italian successes in Albania apparently are seriously threatening the Austro-Hungarian situation in Central Albania. The French are making good gains in Eastern Albania west of Lake Ochrida, while the Italians are advancing speedily in the west.

TROTSKY SAYS RUSSIA TO HAVE ARMY AND SIBERIA FORMS A NEW GOVERNMENT

Paris, July 10.—Speaking at the opening today of the General Congress of Russian Soviets, Leon Trotsky, the Bolsheviki Minister of War, said, according to a dispatch received here from Basel this morning:

"Russia is on the eve of a general military service conscription." Trotsky emphasized the necessity of Russia having a powerful army.

London, July 10.—A new Provisional Government for Siberia, which has the unanimous support of the population and which will continue the fight against the Central Powers, has been established at Vladivostok.

OTTAWA STATEMENT ON LABOR UNREST

Unofficial Report Says Dominion Cabinet is About to Issue Declaration

Vancouver, July 10.—The Vancouver Province today publishes the following special dispatch from Ottawa:

The present unrest among workers organized and unorganized, employed in Canadian industries was under discussion during greater part of yesterday's meeting of the Cabinet.

In an official quarter it was stated last night that the statement will take form of a declaration of the position which, in the view of the Government, employees should adopt at this time of war.

Boards Required. "It is pointed out that insofar as the law is concerned, strikes on public utilities and in plants engaged in the manufacture of munitions and war supplies are forbidden until after hearing of the questions at issue by conciliation boards constituted under the Industrial Disputes Act.

22ND FRENCH-CANADIAN BATTALION FINE UNIT ON LINE, SAYS BLONDIN

Montreal, July 10.—Interviewed here yesterday afternoon following his return from the front, Lieut.-Colonel Hon. P. E. Blondin, Postmaster-General, said that the 22nd French-Canadian Battalion is now classed as a "shock" unit and has fully maintained its reputation as "one of the best among the very best."

Col. Blondin said that French-Canadians were to be found in every regiment of the Dominion and have made a great name for themselves as gentlemen and soldiers. He had no doubt that the Canadian soldiers of all races would return to Canada with a better and broader conception of Canadian nationality.

RAIN MEANS MILLIONS TO THIS PROVINCE

Vancouver, July 10.—"This is a god-send to the country," declared Coast Markets Commissioner R. C. Abbott this morning as he watched the rain-drops sliding down his office window. "It means tremendous increase in the crop production of the Province, and also a saving which will amount to \$2,000,000."

REASONABLE HOPE THAT CARS WILL COMMENCE TO RUN TO-MORROW MORNING

If it has not been possible for the City of Victoria to adjust its objection to the six-cent fare by the time agreed upon by the British Columbia Electric Railway Company to resume its service under the new arrangement with its employees the cars will run at a straight five-cent rate with the elimination of transfers and school children's tickets.

To Discuss Contentious Points. At the earliest possible moment, however, negotiations will be opened for discussion relative to changes in certain clauses of the contract arranged for by the City Council before it is ready to commit itself to the higher fares. The straight five-cent rate and the discontinuance of transfers and school children's tickets is to be regarded as a temporary expedient intended to counterbalance increased operating cost reaching nearer to the level of those municipalities where no objection to the six-cent rate has been advanced.

Cars To-morrow, Perhaps. Mr. Goward declared that it is a reasonable hope to expect a resumption of service to-morrow morning, although that is dependent upon final settlement of minor details in one or two of the hitherto municipalities. In any case, Victoria is no more a stumbling block.

Mayor Todd's Letter. Mayor Todd's letter confirming the arrangement above narrated and approving the company's proposal to charge a straight five-cent fare with the elimination of transfers and school children's tickets, reads as follows: "In reply to Mr. Kidd's long telegram to me yesterday, and in reference to the conference in my office this morning between yourself and Mr. Tripp, as representing the company, and the Finance Committee of the Victoria City Council, as represented by Aldermen Sargent, Harvey, Sangster, Porter, Cameron and myself, I beg to confirm the verbal understanding arrived at as follows, namely:

With a view to bringing about a termination of the existing strike, and as a temporary expedient, without prejudice to the committee's approval of the resuming of street railway operations in Victoria on a basis of a five-cent fare, eliminating transfers, but subject to the entering into negotiations within thirty days by your company with the City of Victoria on all of the points mentioned in my wires to Mr. Kidd of the 5th and 9th instants, and in City Clerk Dowler's letter to you of the 29th June last year, the said negotiations to be conducted in an expeditious manner and to be concluded within sixty days of the date of commencement.

In Vancouver. Unless something unforeseen develops, cars will be running to-morrow morning in Vancouver and Point Grey, stated George Kidd, general manager of the B. C. Electric Railway Company in Vancouver at noon today. So far as the company was concerned there was nothing to prevent this, he said, as both these municipalities had agreed to the increased fares and had promised to pass by-laws providing for them.

No attempt to run cars on the two miles of line in Burnaby would be made.

AMERICAN TELLS OF PROOF HE SAW OF FOOD SHORTAGE BEING FELT IN AUSTRIA

Paris, July 10.—The food shortage in Austria is growing more acute, according to Herbert Mayer, secretary to Charles J. Vopicka, the American Minister to Roumania. Mr. Mayer has just arrived here from Jassy by way of Austria and Switzerland.

At Vienna the train on which he was traveling stopped in the railroad yards and a crowd of hungry and ragged men and women employees in the yards scrambled aboard and begged for food. All looked emaciated and underfed. When the passengers threw out scraps of food the Austrians devoured them ravenously. They said the Government was giving them only enough food to keep them from actual starvation.

A German colonel was in charge of the train, and the passengers were permitted to leave the cars at various stations, where always Austrian armed guards were present. No attempt was made to draw the blinds in the cars or curtail the customary privileges of travelers.

ENEMY MAY ATTACK EAST OF AMIENS

Artillery Busy on Eight-Mile Front; Gain by British in Belgium

FRANCE IS GOAL OF CZECHO-SLOVAKS

Forces Have No Desire to Mix Up in Russian Internal Affairs

London, July 10.—The Czech-Slovak troops now operating in Russia desire to fight on the Western front and do not want to be mixed up in Russian internal affairs. A memorandum to this effect has been reported to the Japanese Foreign Minister and the Allied Ambassadors at Tokio by Colonel Vladimir Hurbane, on behalf of the Czech-Slovak National Council, says the correspondent of The London Times at Tokio. The memorandum says in part:

"Our forces are acting in Russia according to the orders of the Czech-Slovak Council, which orders can be modified only by Professor T. G. Masaryk's agreement with the other members of the Council. The orders are to transport the forces from Russia to the Western front.

To the Last Man. "The Czech-Slovak army consists of volunteers whose object is to fight Germany and Austria, to liberate the Czech-Slovak nation and to establish an independent state. We will pursue this course to the last man. We desire above all to exhibit our determination on the battlefields of France.

The Czech-Slovaks, a subjugated nation, are making the first steps toward liberty by paying a blood tribute and have no moral right to pursue a policy of protection with regard to such a state as Russia.

ISLAND FOREST FIRE SITUATION RELIEVED BY FALL OF RAIN

Vancouver, July 10.—W. J. Vandusen, district forester, stated this afternoon that rain is general in the coast district and that if it should continue throughout the day, the forest fire situation, which was becoming critical, would be solved. He had reports from the east coast of Vancouver Island showing that rain started yesterday afternoon and was continuing to-day. "By night, he said, the rain should make everything absolutely safe.

ALBERTA COLONEL IS INSTRUCTED TO PRODUCE APPEALING SOLDIER IN COURT OR TAKE CONSEQUENCES

Landing of British on the Murman Coast Makes Germans Uneasy

London, July 10.—An Amsterdam dispatch to the Central News Agency, referring to the landing of British forces on the Murman coast, says there is an uneasiness in Germany on this account and quotes The Nord Deutsche Allgemeine Zeitung as "speculating on the British purpose."

AUSTRIA DECLINES TO LET BELOW LEAD

Wanted Germany to Send Twelve Divisions With Commander-in-Chief

Rome, July 10.—Austria has declined to accept the German general, Otto von Below, as Commander-in-Chief of the Austrian forces on the Italian front because Germany refused to send twelve German divisions with him, according to the newspaper Epoca, which believes the statement on advice from a Swiss source.

Dispatches from Rome through Paris on July 10 that Germany intended sending three army corps to the aid of Austria, to be put under Gen. Otto von Below, of the German army, as Commander-in-Chief on the Austrian front. Reports from Zurich several days earlier declared that Gen. von Below had been appointed Commander-in-Chief of the Austrian army, but there has been no official confirmation that such a change in command has been made or was contemplated.

FRANCE IS GOAL OF CZECHO-SLOVAKS

Forces Have No Desire to Mix Up in Russian Internal Affairs

London, July 10.—The Czech-Slovak troops now operating in Russia desire to fight on the Western front and do not want to be mixed up in Russian internal affairs. A memorandum to this effect has been reported to the Japanese Foreign Minister and the Allied Ambassadors at Tokio by Colonel Vladimir Hurbane, on behalf of the Czech-Slovak National Council, says the correspondent of The London Times at Tokio. The memorandum says in part:

"Our forces are acting in Russia according to the orders of the Czech-Slovak Council, which orders can be modified only by Professor T. G. Masaryk's agreement with the other members of the Council. The orders are to transport the forces from Russia to the Western front.

To the Last Man. "The Czech-Slovak army consists of volunteers whose object is to fight Germany and Austria, to liberate the Czech-Slovak nation and to establish an independent state. We will pursue this course to the last man. We desire above all to exhibit our determination on the battlefields of France.

The Czech-Slovaks, a subjugated nation, are making the first steps toward liberty by paying a blood tribute and have no moral right to pursue a policy of protection with regard to such a state as Russia.

Special Session of Alberta Appeal Court Set for This Afternoon to Decide Case of Pte. Norton, a Habeas Corpus Applicant in Army Exemption Affair

Calgary, July 10.—On the order to the officials of Military District No. 13 to produce the body of Private Norton, of the Alberta Depot Battalion, before Chief Justice Harvey, of the Supreme Court of Alberta, here this morning, Registrar Carson, representing the Minister of Militia, said that on instructions from the Acting Prime Minister of Canada, he was to quote Section Five of the Order-in-Council to show that no court in Canada had any authority to make an order on any military commander until the case of Norman Lewis had been fully dealt with by the Supreme Court of Canada.

Registrar Carson stated to the court that the finding of the Supreme Court of Alberta in the Lewis case had produced a state of unrest and defiance of the law amongst the men now called to the colors in Canada, and that the lawyers of Canada now were advising the draftees to discard His Majesty's uniform.

Chief Justice Harvey stated in reply to Mr. Carson's statement that it would not be surprising to him if the military authorities of Canada were disregarding the law, and if they still persisted in defying any order of the Supreme Court of Alberta—it would not surprise him if the soldiers and lawyers should rebel against the taking away of their citizenship rights and liberties, even to the extent stated by Registrar Carson. The Order-in-Council which Registrar Carson produced was dated July 5, and it is aimed to upset the decision of the Alberta Supreme Court. It was announced that a special session of the Appeal Court would be called for this afternoon and that Colonel Moore would be given a chance to produce the man or take the consequences.

ANNUAL TAX SALES URGED BY UNION

Municipalities Convention is Asked to Recommend Survey of Public Works

The convention of the Union of Canadian Municipalities this morning went on record in favor of annual tax sales, as the best way to relieve the present delinquency question, the motion being introduced by Mayor H. F. Perry, of Prince George.

The convention was further asked by Commissioners Yorath, of Saskatoon, to go on record requesting the Dominion Government to have a survey made of the public works required to be executed by the Provincial Governments and municipalities after the war, in order to avoid occurrence of the serious problems of unemployment which confronted the masses immediately after the collapse of the real estate boom.

Annual Tax Sales. In moving the first motion, which introduced a spirited debate, in which Alderman McElnain, of North Vancouver, Commissioner Yorath, Mayor H. F. Perry, of Prince George, J. W. Dickinson, of North Cowichan; Mayor Cater, of Brandon; and Treasurer Johnson, of Prince Rupert, took part, an interesting statement was made by Mayor Perry, of Prince George. He favored annual tax sales as the best way of keeping the city's books clear, and establishment of labor bureaux to meet the serious unemployment which must accompany the return of the soldiers from Europe.

Control of Banks. "In order to stop the collapse of financial affairs in this country," he said, "it is necessary to secure the nationalization of the banks. The banks should be nationally controlled. I think it is a shame that the banks of this country should be permitted to issue paper money on their capital which has been invested in buildings, in stocks, and bonds, in industrial concerns—absolutely spent wealth—and yet they issue paper money to a very large degree, and take tremendous profits." In his town the banks charged ten per cent interest, irrespective of security, he stated.

Teuton s Had a Fund of \$30,000,000 to Buy Papers in U.S.

New York, July 10.—Several of the newspapers here assert that evidence which has been obtained in connection with the investigation by the Department of Justice of the alleged purchase of The New York Evening Mail by the German Government, which resulted on Monday in the arrest of Dr. Edward A. Rumely on a charge of perjury, is said to show that the Central Powers set aside a fund of \$30,000,000 with which to buy American newspapers and circulate propaganda which, it was hoped, would end the danger of this country entering the war on the side of the Allies.

CHILEAN CABINET TO REMAIN IN OFFICE

Santiago, Chile, July 10.—The Chilean Cabinet, which resigned on July 7, has consented to remain in office.

MUTINOUS SPIRIT AMONG THE GERMANS

Crops Out in German Second Army; Many Bulgarians Deserting

London, July 10.—Indications of a breakdown in discipline in the Second German Army are found in two orders issued by General von Der Marwitz, which have fallen into the hands of the British, says the correspondent of The London Times at British Headquarters in France. In one order General von Der Marwitz makes the complaint: "Discipline, which is the keystone of our army, is seriously shaken. Cases of soldiers refusing to obey orders are increasing to an alarming extent."

Bulgarian Desertions. London, July 10.—Desertions from the Bulgarian army on the Macedonian front are increasing greatly. French Headquarters in Macedonia has informed the Salonica correspondent of The London Times.

All the deserters say that conditions in Bulgaria have become unbearable and that hopes of an ultimate victory have vanished. Insubordination has increased in the Bulgarian army and many units have refused to obey orders to attack.

The submarine danger in the Mediterranean is declining, the correspondent adds, and supplies needed in Greece are arriving with greater regularity.

COLONEL BOYLE IS HERO OF ROUMANIA

Yukon Officer Saved Roumanian Deputies From Bolsheviki Atrocities

Paris, July 10.—Colonel Joseph Boyle, a Canadian from the Yukon Territory, has become the popular hero of Roumania and wears the highest Roumanian decorations within the gift of the King for saving a number of Roumanian Deputies from certain exile and probably death at the hands of the Russian Bolsheviki, according to travellers who have reached France from Jassy, the temporary Roumanian capital.

BLUE RIBBON TEA

You get real tea value when you buy this brand, and its delicious flavor costs you nothing extra.

Blue Ribbon Tea—grown by Britishers for Britishers.

POSSIBILITY OF A SETTLEMENT NEARER

That is as Between the Canadian Collieries and the Granby Company

WOULD NOT AFFECT HIS ATTITUDE, SAYS PREMIER

Reference was made in these columns on Monday last to a rumor current that the Canadian Collieries (Dunsmuir) Limited, had effected an agreement with the Granby Company in connection with the lands acquired from settlers in the Cassidy's Landing vicinity, Crown Granted to the latter under the disallowed 1917 Vancouver Island Settlers' Rights Act.

Should Meet Premier. There is some foundation for the rumor that a settlement is being arranged in the matter of the Settlers' Rights dispute, said Mr. Hawthornthwaite, without hesitation, following which he proceeded to relate that about three weeks ago he approached, solely on his own responsibility and initiative, the heads of the Canadian Collieries here, and suggested that the best way out of the present impasse would be for representatives of the company to meet Premier Oliver, discuss the matter, and ascertain what could be done. He was at once assured that the Canadian Collieries had no desire to take undue advantage of its strong position created by the disallowance of the Act, provided, of course, that the interests of British and other investors were fully protected.

Uphold Provincial Rights. "I admitted," went on Mr. Hawthornthwaite, "that the company was entitled to compensation under the original Act of 1903-4 and the amending Act of 1917, just disallowed by the Dominion Government, and said that I would take the matter up with the Premier and ascertain his views on the subject. Accordingly I saw Mr. Oliver and discussed the whole question at some length. The Premier stated that the company was undoubtedly entitled to compensation under the Acts referred to, that he had no intention whatsoever to withhold it, and that compensation provided by those Acts was in form of lands in lieu of those alienated by the province. The Premier further stated," recalled Mr. Hawthornthwaite, "that while he had no intention in any way to interfere with the legal rights or operations of the company, he was determined to uphold the legal rights of the settlers. Emphatically Mr. Oliver also declared that notwithstanding any settlement made, so far as his Government was concerned, it would not be allowed to affect the determination to assert and protect the right of the province under the Terms of Union, which had been grossly violated by Ottawa's action in disallowing the 1917 Act."

Vitality Important Matter. The member for Newcastle went on to say that Premier Oliver has given him an assurance that he would be pleased to meet any representatives of the company and discuss the matter fully with them. He would also endeavor to come to some satisfactory settlement provided that these facts, and some others of importance, were clearly understood. On the return of the member for Newcastle, a meeting with the Premier and Mr. Hawthornthwaite is satisfied that if this is brought about and both parties are seemingly not averse, that the vexed question can be finally disposed of. "This is a matter," concluded Mr. Hawthornthwaite, "of such vital interest to the settlers and to the people of Vancouver Island generally from the standpoint of industrial development that it is to be hoped that nothing will occur to mar what appears to be a fair chance of finally and satisfactorily disposing of this great dispute in a manner pleasing and beneficial to the settler and creditable alike to the Government, the Canadian Collieries, and the E. & N. Railway Company."

Tentative Agreement. Mr. Hawthornthwaite suggested that when he was discussing the question with the officials of the company he proposed that perhaps some tentative agreement could be entered into in the interim with the Granby Company so that their extensive operations at Cassidy's Landing need not be interfered with or delayed. A Vancouver press dispatch of Saturday last hinted that such a tentative arrangement had been consummated and that the Granby Company was proceeding with its development. In the latter connection The Times wired to J. M. Savage, the General Manager of the Canadian Collieries (Dunsmuir) Limited, who is at present in Winnipeg, who replied this morning as follows: "Some discussion between representatives of the Granby Company and the Canadian Collieries has taken place without definite result."

Tin and the Taps. Magistrate Jay sitting in the Police Court this morning dismissed the charge against Tin, a Chinaman, of having a number of taps that he knew were stolen property in his possession.

SAYS BOLSHEVIKI WILL BE DUSTED

Peking Correspondent of London Times States Intervention in Russia Needed

London, July 10.—Referring to the Czech-Slovak movement as a basis for a struggle against Bolshevism in Siberia, the Peking correspondent of The London Times predicts in a dispatch dated July 9 that it will lead to the elimination of the Bolsheviki in a short time. The question of intervention, however, still is pressing, he adds, because Russia is torn with political difficulties and personal jealousies and there is urgent need of a responsible Government.

In Murman Region. London, July 10.—The measures taken by the Allies to aid non-Bolsheviki Russians on the Murman coast and protect the Murman railroad and the ice-free port of Kola are summarized by The Daily Express from Russian newspapers. While the Bolsheviki proposed a landing of Allied troops, and even agreed to let the Murman Coast to Finland, the local population has decided to join the Allies and secede from the Bolsheviki.

The first Allied intervention occurred early in April, when Finnish White Guards, assisted by German, faced Red Guard troops. The Red Guards were reinforced by an Anglo-French detachment that had come up on an armored train.

British Marines. The next Russian report mentions the landing of a force of British marines to co-operate in the defence of the coast. Defensive measures were said to be under the leadership of three men, a Russian, a Britisher and a Frenchman. Two British and one French warship, and a British trawler were in the harbor of Kola in addition to Russian ships. A report from the committee of the White Sea fleet to the Russian naval commission in Moscow, printed in a Russian paper, said that Kemp (assumed to be Rear-Admiral Kemp, of the British navy) had decided there was no aggressive design regarding the Murman region, but only a desire to help the Russian republic protect the coast and the railroad. He also offered to assist in developing the local fisheries.

The Bolsheviki Government, however, made public a protest through the Russian wireless on June 30, Leon Trotsky, the War Minister, on July 1 denounced as high treason any help given the "foreign detachment which has invaded the Soviet Republic." He also proclaimed M. Yrly, president of the local Soviet, a traitor and an enemy of the people. A dispatch to The Daily Mail from Copenhagen dated Monday quotes General Kemp as saying that there are 25,000 Bolsheviki troops left in the Kola Peninsula.

At Vladivostok. London, July 10.—Life in Vladivostok is now normal, says a dispatch from Tokyo to the Central News Agency. Troops in the Amur district are coming under Czech-Slovak control. The Russian destroyers at the port have been disarmed by the Russian commander. Prominent Russian residents in London are of the opinion that the Czech-Slovak movement in Siberia is the only reliable basis for a struggle against Bolshevism. The recent Moscow rising is considered here to have been a quarrel between the Bolsheviki and their late friends, the Social Revolutionaries of the Left.

The Kerensky group did not participate in the counter-revolution and had nothing to do with the murder of Count von Mirbach. Statements attributed by The Globe-Gazette to a German merchant as holding for many years a distinguished position in the Far East, and who lately traveled from China to Germany across Siberia, are printed in The Times.

This German is very contemptuous of Gen. Semenov's Cossacks, but writes with great respect of the Czech-Slovak movement. He claims that Semenov was not destined for the French front, but was used exclusively against the Russian Bolsheviki.

50,000 of Them. The Germans say the new 10,000 Czech-Slovak troops in the Amur region and was told there were nearly 50,000 Czech-Slovak altogether in Siberia. He describes the 10,000 whom he met as splendid material, well fed and well clothed, but not armed. No arms, at any event, were visible, even among the officers. He was informed the whole force was commanded by a French general.

The subsequent occupation of Omak showed, says the writer, that more Czech-Slovak had arrived since he passed through Siberia.

Force of Million. London, July 10.—With a million men, of whom only 300,000 need be Allied troops, it would be possible to reconstruct the Eastern front on a line running through the Ural Mountains, a statement made by Lieut.-General Horvath, vice-president and general manager of the Chinese Eastern Railway, according to a dispatch to The Mail from Harbin under date of June 29.

Intervention is unavoidable," he said. "The actions of the German and Austrian prisoners undoubtedly are a part of the German scheme to possess the whole of Russia. They are acting in collusion with the Bolsheviki, one-tenth of whom are fools and the rest knaves. Japan must supply the bulk of the troops. The other Allies must supply the money."

Kerensky at Paris. Paris, July 10.—(Havas Dispatch.)—The Parliamentary Committee on action abroad yesterday received Alexander Kerensky, former Russian Premier, who explained the situation in Russia. He said he was desirous of coming to an agreement with all parties regarding the best means of putting Russia again on a full active footing. He suggested immediate intervention by the Allies in order that the common struggle against the Central Powers may continue.

SHE COULD NOT STAND OR WORK

But Lydia E. Pinkham's Vegetable Compound Restored Her Health and Stopped Her Pains.

Portland, Ind.—"I had a displacement and suffered so badly from it that at times I could not be on my feet at all. I was all run down and so weak I could not do my house work, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Vegetable Compound the credit for health restored as did Mrs. Kimble.

For helpful suggestions in regard to such ailments women are asked to write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

19,359 RECRUITS IN THE MONTH OF JUNE

Wastage in Canada's Army in That Period Was 7,587 Men

Ottawa, July 10.—In all 19,359 recruits were added in June to the Canadian Expeditionary Force, according to reports collected here from all parts of the Dominion. The wastage in the forces in Canada and overseas in the same period amounted to 7,587 men. There was thus in June a net gain of 11,772 soldiers to the army.

Among the military districts No. 2, with headquarters at Toronto, last month fell into second place. The Saskatchewan district led with 2,639 recruits, all secured in Canada and all but thirty-two for service in the infantry. The Toronto district reported 2,602 enlistments during the month, of whom 1,158 were enrolled in Canada. The London district produced 1,477 recruits, of whom 1,621 were secured in this country and 1,599 were infantrymen. The Ottawa-Kingston district raised 1,958, of whom all but seven were enlisted in Canada and 1,993 were infantrymen.

The Montreal district reported 1,995 recruits, of whom 1,373 were secured in Canada and of whom 838 were infantrymen. Quebec enlisted 1,132 men, none of whom came from the United States, and 1,103 of whom were for service in the infantry. The other districts reported as follows: Nova Scotia, 2,238; New Brunswick, 875; Manitoba, 1,968; British Columbia, 1,096; Saskatchewan, 2,639; Alberta, 1,102.

The wastage for last month was as follows: Discharged in Canada, 2,556; discharged in England, 96; casualties overseas, 1,994; returned to Canada for discharge, 2,586. Of the total under the head of wastage 5,639 men were from the infantry. It is estimated that 45 per cent. of the reported casualties will be fit for service in a period of six months.

In May the total number of recruits was 27,888, the wastage 8,243, the net gain to the Canadian Expeditionary Force being 23,645.

Recruits From U. S. New York, July 10.—In a statement to Britons and Canadians in the United States, Brigadier-General W. A. White, of the British and Canadian Recruiting Mission, said yesterday that although the Allied draft convention had been approved by the American Senate, British subjects up to the age of forty-five still had an opportunity to enlist voluntarily in their own forces. Under the provisions of the convention, they would have from seventy to seventy-five days to do this, and the opportunity was open to British subjects who had taken out their first American papers, and even to those in Class One of the American draft.

"This is a most important concession," he said, "as it allows British subjects now and for the last time to assist those forces which are most seriously in need of men. And every man counts to-day."

MINER'S DEATH WAS ACCIDENTAL, DECLARES FERNIE CORONER'S JURY

Fernie, July 10.—A verdict of accidental death was brought in last night by the jury called to investigate the case of James Will, a mine employee who was killed here, Monday morning. Coroner Thompson overruled objections made to the personnel of the jury, declaring he had no instructions from Victoria to delay the examination. The jury's verdict declared that all necessary precautions had been taken by the company to prevent such accidents.

JUNKERS DENOUNCED BY PRUSSIAN SOCIALIST

Washington, July 10.—An official dispatch received here from Switzerland says that Stroebel, an Independent Socialist Deputy, in a violent speech in the Prussian Landtag recently condemned the German Government for its efforts to secure a peace by force. He warned the German people that unless they rid themselves of their Government and "send their politicians of war and rapine to the devil," the millions of soldiers of the United States would prove too strong a force to combat.

HEAVY RAIN IN AREA OF PORT TOWNSEND

Port Townsend, July 10.—This section was visited yesterday by a thunderstorm, followed by a heavy downpour of rain which greatly assisted in extinguishing the forest fire. During the storm lightning struck the barracks building at Port Townsend, occupied by the Sixth Company, partially demolishing the big brick chimney.

EXPRESS COMPANIES IN U. S. HAD HARD TIME

Washington, July 10.—Operation of the eight interstate express companies during January, 1918, resulted in a total deficit of \$1,637,000, the Interstate Commerce Commission reported yesterday. Only the Southern Express Company made a profit during the month, its operating income being \$39,520. The largest loss was that of the American Express Company, \$752,645.

THANKS OF KING TO PEOPLE OF CANADA

Ottawa, July 10.—The Governor-General has received the following cablegram from King George under date of July 6:

"The Fashion Centre" Angus Campbell & Co. Ltd. 1008-10 Government St.

Are Attractively Priced at \$4.25

RUTHENIAN BISHOP ON PRAIRIE FACES SEDITION CHARGE

Prince Albert, July 10.—Bishop Rudka, the Ruthenian bishop of Western Canada, and Rev. Father Posky have been arrested at Hafford on a charge of sedition, according to a report to the provincial police. They were remanded for hearing to July 15, and admitted to bail in \$5,000 each.

DUTCH S. S. CROSSES FROM U. S. TO HOLLAND

Amsterdam, July 8.—Via London, July 9.—The Dutch steamship Hollandia passed the Hamka lightship today and is expected in port before nightfall. A London dispatch on June 6 reported of The Times as saying that the steamship Hollandia, which was then in New York, would sail soon for Holland and that another steamship would leave Holland for the United States in exchange for the Hollandia. Germany was said to have guaranteed the safety of both vessels.

DARING OUTRAGE IN COUNTY CORK

London, July 10.—(By Reuter's.)—Another example of the excesses occurring in various parts of Ireland is the daring outrage in County Cork, in which constables returning from enforcing the recent proclamation at a gathering were held up by fifty masked men who attempted to stop their vehicle. In the fight which followed there was much firing. One policeman was severely hurt, another had his arm fractured and others were badly beaten. The cab driver fled for his life. The assailants unharnessed the horse and then threw the vehicle over a cliff.

U. S. AIRMAN HAS HAD TEN VICTORIES

Paris, July 10.—Lieut. David R. Putnam, of Brookline, Mass., has become the leading American ace in succession to Lieut. Frank Baylies, who has been missing since June 15. Putnam's tenth victory, on June 10, now has been verified officially. In the month of June Putnam brought down seven German machines.

1917 COTTON CROP OF UNITED STATES

Washington, July 10.—Final figures on the United States, announced by the census bureau here, place the production at 11,392,375 equivalent 500 pound bales, the smallest crop since 1909, excepting that of 1915. Sea island production was 92,619 bales. Notable increases in production in Arizona and California were shown. California, with 57,000 bales and Arizona, with 21,000 bales, both grew 13,000 bales more than the previous year.

HELP By Subscribing to the Victoria Patriotic Aid Fund

Breathes there a man with soul so dead Who never to himself hath said This is my own, my native land.

FIRST IN IMPORTANCE.

In declaring that the proper and intelligent government of municipalities is of far greater importance to the building up of Canada than either Provincial or Federal government, the President of the Union which began its annual convention here yesterday stated an absolute fact and one which ought to be self-evident.

As we pointed out a few days ago, municipal government more intimately affects the individual than any other government. It affects the individual's health, morals, security of person and property, and material progress.

But judging by the personnel selected to direct municipal government in many communities, the individual does not appear to have been altogether aware of its paramount importance.

Much of this lethargy and indifference is attributable to the inadequacy of the material offering itself, but it generally happens that the material is inadequate only because the public conscience, or public spirit generally, is inadequate.

POLITICS AND POLITICIANS.

An awful lot of flubdub is talked and written about politics and politicians as the authors of a country's troubles. "They are all alike," we hear people say, mournfully, "all bad, all hopelessly incompetent or worse."

Politics and politicians are necessary elements of democratic government. Without them there could not be democratic government. There are many businessmen and representatives of all other callings in politics and they all have become politicians.

Curiously enough, whenever a country faces a grave crisis it is the experienced, if much-maligned, politician who is its savior. In all the ranks of big business in the United Kingdom there has developed nobody able to take the place of Mr. Lloyd George, and when the great little Welshman leaves office he will be succeeded by another politician.

Some of the worst failures in public life have been men of business who, while supremely able in their own callings, were completely at sea when they discovered too late that they had to do, not what they wanted to do, but what their constituents, who owned the institution they were trying to run, wanted them to do.

There are good and bad politics and politicians in exactly the same proportion that there are good and bad among the electors. A Parliament or Legislature is pretty nearly a perfect reflection of

the public which selects it. If crookedness is the dominant characteristic of a constituency, the representative will be crooked unless he has managed to elude the electorate by disguising his honesty.

A STAGE SACRIFICE.

Von Kuehlmann's resignation as German Secretary for Foreign Affairs does not indicate that another political crisis has developed in Germany. It was part of the Wilhelmstrasse programme, for no sensible person can believe that this adroit manipulator delivered the speech on Germany's policy which is supposed to be the occasion of his retirement, before it had been reviewed and edited by the Kaiser and his chief advisers, military and other.

The German people had to be prepared in some way for a possible failure of the military offensive in the West and the prolongation of the war. Somebody in authority had to start the public realizing that the war could not be won by a military decision by Germany and thus to open the way for that inevitable offer to evacuate Belgium, Northern France and Italy, which The Vossische Zeitung is now foreshadowing and which soon will be made.

Hence, von Kuehlmann's speech, the stage thunder of wrath it aroused in Potsdam, the "furious" telegram which the Kaiser is reported to have sent to the Secretary, but which was not published, the simulated rage of the Great General Staff and now the Secretary's gallery resignation.

WATCHED THE SENATE.

In his annual report, W. D. Lighthall, K. C., honorary secretary of the Union of Canadian Municipalities, referred to the trouble raised by the Canadian Senate during last Session in connection with the consolidation of the Railway Act.

If the Union of Canadian Municipalities had done nothing else since it was organized, the fight it made at Ottawa on this issue alone was sufficient to justify its existence and title to whole-hearted support.

The German army is reported to be suffering from a "strange kind of sickness" which makes men fall in their tracks. Perhaps so, and perhaps not. These reports may be like the revelations in some of those documents found on captured German prisoners or dead German soldiers—cooked up for the occasion.

The head of the German Admiralty now puts his trust in the achievements of the German army which has gone from "victory to victory." Last year the Kaiser told the army to "hold on" until the "invincible submarine" won the war. It will be pretty trying on the German people when both army and navy start to point to one another at the same time.

The Supreme Court of Canada will soon consider whether the War Measures Act gave the Government power to over-ride certain provisions of the Military Service Act by Order-in-Council, which high judicial authority in Quebec and Alberta declare it did not, and which Sir Wilfrid Laurier declared in Parliament it cannot do.

COLONEL BOYLE IS HERO OF ROUMANIA

(Continued from page 1.) and were placed on board a ship to be deported. None knew what their fate might be and all were convinced they would never see their native country again.

Went With Deputies. Colonel Boyle pleaded in their behalf with the Bolshevik leaders and insisted upon their innocence. The Bolshevik authorities were deaf to his appeals and would not revoke the sentences of exile.

Trained at Vancouver. Vancouver, July 10.—The Colonel Joseph Boyle, a dispatch from Paris as having received a Roumanian decoration is from the Yukon and recruited the Yukon machine gun company every man a six-footer, which went to France to reinforce the Canadian Corps in the spring of 1915.

ENEMY MAY ATTACK EAST OF AMIENS (Continued from page 1.) Franco-American troops have taken 5,000 prisoners since June 15. The German hesitation in resuming the offensive is giving the Allies, although prepared to meet it, little concern as day by day they improve their positions.

Haig's Report. London, July 10.—Considerable activity was developed early this morning by German artillery and machine guns in the region east of Amiens from the vicinity of Villers-Bretonneux to the Ancre, says to-day's War Office report.

Raid Defeated. "A hostile raiding party was driven off yesterday afternoon south of Bucquoy. "During the night we advanced our line a short distance in a successful local operation in the neighborhood of Merris and captured several prisoners and a machine gun."

French Report. Paris, July 10.—Artillery duels on the front north of Montdidier and south of the Aisne, near the Chavigny farm where French troops recently made inroads upon the German lines, were announced by the War Office this afternoon in the following report:

Battle Expected. With the American army on the Marne, July 10.—(By the Associated Press.)—The fronts west and east of Chateau Thierry, where American troops hold positions, have been unusually quiet but it is believed that heavy fighting may break loose at any moment.

GONZALES CHAPTER I.O.O.F. Members Pleased With Results of Garden Party at Geary's. Knitters Asked to Redouble Efforts.

The regular monthly meeting of Gonzales Chapter was held in the L.O. U. headquarters yesterday morning. Mrs. Sampson, the president, presiding.

There has just been issued by the well-known publishing house of William Briggs, of Toronto, a volume which every Canadian who is interested in the history of his country should buy. It is entitled "The Romance of Western Canada," and its author is Rev. R. G. MacBeth, M.A., long and favorably known as an eloquent Presbyterian minister in this city.

FRENCH RED CROSS DAY SATURDAY NEXT

Street Collection to Be Taken in Victoria and Island Points July 14 is "France's Day," and each year since the war commenced that day has been made the occasion for a street collection on behalf of the French Red Cross. This year the date falls on the Sabbath so the usual tag day will be held on Saturday, and Mrs. F. C. Holden, the president of the local branch of the French Red Cross Society, has appealed to Victorians to again respond with the generosity which has characterized the collection in former years.

ANNUAL TAX SALES URGED BY UNION (Continued from page 1.) Railway Act. Secretary Lighthall made a statement with regard to the Railway Consolidated Act, amplifying the remarks he had made in the annual statement of the year's work. He pointed out that the Parliamentary Agent, Mr. Cook, had stated that the activities of the Executive had been "partial failure and some success" during the session at Ottawa. They had to resist a strong lobby on behalf of the corporations, and a certain group of Senators had gestured to the bill definitions which would be prejudicial to the welfare of municipalities.

To Help in War. A resolution, reaffirming motions already passed, was adopted, promising the support of the municipalities to any proposal which might be adopted by which their assistance could be made of aid to the Federal Government in the prosecution of the war.

A Warm Discussion. Most of the morning's session was occupied with the vital question of maintaining municipal credit, the discussion being general in view of the fact that Commissioner Bradshaw, of Toronto, wrote that he was unable to attend. The convention decided to sit in camera, in order to talk the situation over freely, and enable it to use names of municipalities affected. A motion to file a letter from the Canadian Bond Dealers' Association was carried on a division, the minority wishing an adjournment to discuss the subject further.

"THE ROMANCE OF WESTERN CANADA" From The Vancouver Province.

There has just been issued by the well-known publishing house of William Briggs, of Toronto, a volume which every Canadian who is interested in the history of his country should buy. It is entitled "The Romance of Western Canada," and its author is Rev. R. G. MacBeth, M.A., long and favorably known as an eloquent Presbyterian minister in this city.

There is nothing to report from the remainder of the front. "Aviation—On July 7 seven German aeroplanes were seen and two captive balloons were set on fire and destroyed by our air forces."

The book is well put out of hand both as to type and binding. It has a dozen good half-tone illustrations, including portraits of four western premiers. It is gratifying to know that the work has been taken up by the Ontario Education Department, and that it is likely to be authorized by the provincial departments in the West. It may be warmly recommended as an important and most readable contribution to Canadian history.

THE WARRIMO, the second of the Canadian-Australian line of steamers, arrived on Saturday night. Large quantities of Australian and Hawaiian fruit arrived for Victoria and Vancouver merchants.

The meetings which Commandant H. Booth, of the Salvation Army, is conducting in the city will close to-night. The speaker will discuss his father's Darkest England scheme, which attracted world-wide attention.

Rev. Dr. Campbell addressed the Orangemen and Sons of England at morning service at the First Presbyterian Church yesterday.

A BEDTIME STORY

UNCLE WIGGLY AND THE SOAP

Copyright, 1918, by McClure Newspaper Syndicate. (By Howard R. Garts)

"Where are you going now?" asked Nurse Jane. "Fuzzy Wuzzy, of Uncle Wiggly Longears, the rabbit gentleman, one morning, as she saw him come in from the porch of his hollow stump bungalow and start up stairs. "Are you going to look for an adventure?"

"I am going to take a bath," replied the bunny.

"Oh, dear!" exclaimed the muskrat lady, sort of tying her tail in a fashionable sailor knot. "Oh, dear me, sugar!"

"What's the matter?" asked the bunny.

"There is no soap," spoke Miss Fuzzy Wuzzy. "I forgot to order any, and you need soap for your bath. Oh, dear!"

"Huh! Please don't fret about a little thing like that," spoke Uncle Wiggly quietly like. "I will go get a cake of soap before I have my bath. A little thing like that does not bother me at all. I rather like it. I may get an adventure out of it."

"Out of the cake of soap do you mean?" asked Nurse Jane with a smile.

"No, but in going after it," spoke the bunny.

So he put on his tall silk hat, and twinking his pink cotton umbrella—Oh, excuse me—I mean his nose—away he started through the woods to get the cake of soap.

It did not take him long to reach the drug store, owned by Dr. Possum, and to the old rat gentleman, who was behind the counter, the bunny said:

"I want, if you please, a nice cake

of soap so that I may take a bath."

"What color?" asked the rat gentleman.

"Blue soap," said Uncle Wiggly.

"Nurse Jane thins the color when she washes them, and it must also be good for me when I wash."

"What perfume do you want your blue soap?" asked the drug store rat, casual like and not derogatory.

"Rose scented," replied the bunny.

"I love rose perfumed blue soap."

"Oh, you shall have it," said the rat gentleman, still more unpretentious.

"So, with the nice cake of soap under his paw, Uncle Wiggly started back through the woods toward his hollow stump bungalow to take his bath.

He was thinking how nice it would be to sozzle himself around in the water, making lather with the nice rose-smelling cake of blue soap, when, all of a sudden, out from behind a bush, jumped the bad old Wagalaggie. The Wagalaggie is like a Skeezicks, only worse, and he is always biting and pinching you once he gets you to his den. So the Wagalaggie jumped out, grabbed the bunny and said:

"I guess I have you now!"

"Yes, and for the first time," said Uncle Wiggly. "You never caught me before. What are you going to do with me?"

"I am going to carry you off to my den," answered the Wagalaggie, making a face like a washrag. "Come on!"

"I can't go very fast," said the bunny.

"I have to carry this," and he showed the cake of soap.

"Here, I'll take that," spoke the Wagalaggie. "You might play some trick on me with it. I'll take it." But just as he was about to grab the cake of soap from Uncle Wiggly, it slipped and fell into a puddle of water.

"I'll pick it up," said the Wagalaggie, suspicious like. Which it did, but now the soap was wet and slippery, and it slipped out of his paws and fell again.

"Hat! What is the matter with it?" wondered the Wagalaggie. "Why can't it keep still?"

Uncle Wiggly knew, but he wasn't going to tell. Once more the slippery soap slid from the paws of the Wagalaggie.

"Ha! I know how to make you keep still!" cried the bad animal, thinking the soap was playing tricks on him. "I'll bite a hole in you and run a string through you!"

So, not knowing what it was, the Wagalaggie bit a hole through the soap. Now, though it was of a nice blue color, and smelled like roses, the soap did not taste like them. And, no sooner did he have his mouth full of soap, than the Wagalaggie, in a bubbly sort of voice, cried:

"Oh, my! This is terrible! I must go see what this funny taste is in my mouth! Oh, lather!" Then, dropping the slippery soap for the third and last time, away ran the Wagalaggie, leaving Uncle Wiggly to go home and get his bath in peace, which he did. So you see a cake of soap is good for something else than blowing bubbles, and if the cinnamon cookie doesn't throw raisins at the chocolate cake, and make it laugh so it cracks the frosting, I'll tell you next about Uncle Wiggly and the black swan.

You Feel Fine

Fatigue is the result of poisons in the system, the waste matter resulting from the activities of life. The kidneys have failed to filter these poisons from the blood and you are tired. But awaken the kidneys and liver by using Dr. Chase's Kidney-Liver Pills and you soon feel fine. The poisons are swept from the system, the pains and aches are gone and you are ready for work and for play.

IN WOMAN'S DOMAIN

HELD RECEPTION TO COL. REV. J. H. ANDREWS

Large Number Attended Successful Fete at Residence of Mrs. R. W. Gibson

Yesterday's rain caused a change in the plans of the Ladies' Guild of St. Mary's Church, Oak Bay, who had arranged to hold a garden fete at the residence of Mrs. R. W. Gibson, York Place, and in consequence the attractions were staged in the house instead of in the beautiful grounds. Despite the unpleasant weather and the further handicap occasioned by the death of transportation facilities, however, a large number attended the event which proved a big success and resulted in the raising of over \$100 for the church funds.

The affair was in the nature of a reception to Col. Rev. J. H. Andrews, pastor of St. Mary's, and the genial padre was surrounded throughout the afternoon by his many friends, who cordially welcomed him back after his two years' absence on overseas service. The usual attractions arranged in connection with the annual sale of work were well patronized, including booths for the sale of fancy work and miniature cooking, a "grab," while a fortune-teller was kept busy with a steady stream of clients. Tea and ice cream were served during the afternoon and proved very popular. Unfortunately the weather precluded the holding of the tennis tournament which was to have been a big feature of the affair, but considering the handicaps under which they labored the members of the Ladies' Guild feel well pleased with the results of their efforts.

LADY DOUGLAS CHAPTER

Votes \$25 Towards I. O. D. E. Much Activity Reported at Yesterday's Meeting.

At yesterday's meeting of the Lady Douglas Chapter, I. O. D. E., Mrs. J. D. Gordon gave an interesting account of her committee's work at the local military hospital, reporting that \$25 had been donated to this work by an interested friend, the gift being forwarded through Mrs. Schofield. The King's Daughters had also made a contribution and the chapter had voted the usual monthly donation for "carrying on."

Miss Sorby stated that forty-six pairs of socks and three sweaters had been handed in by members during June. Mrs. Colin Cummins, reporting for the Conservation of Waste Committee, paid special tribute to the work of little Isabel Goward, aged seven years, who had collected and cleaned a number of tins, bringing them to the depot on Douglas Street. A welcome consignment had also been received from Miss Scott, of James Island. A donation of \$25 was voted by the Chapter to the I. O. D. E. Jam Fund.

The regent, Mrs. R. B. McMicking, presided at the meeting, twenty-two members being in attendance, and during the afternoon two new members were welcomed into the chapter. During the afternoon the regent presented Mrs. Patterson with a red bar pin, this member having a son overseas. Warm thanks were extended to Mrs. Stewart Williams, the treasurer, for her assistance on tag day and to those members who assisted in the national registration.

Social & Personal

Mrs. Fletcher, of this city, is visiting in Vancouver as the guest of Mrs. A. Robson, Cambie Street, for a few days.

Mrs. M. B. Smith, of Oak Bay, has gone to Vancouver to visit her daughter, Mrs. Newton Burdick, for the next two weeks.

Among the Victorians who registered at Seattle hotels during the weekend were Mr. and Mrs. L. D. McLean, Mr. and Mrs. S. C. Buck and Mr. and Mrs. P. Bennett.

Mrs. E. G. Tietow, of Vancouver, accompanied by her family, came over from the Mainland on Monday to spend a three months' vacation at her summer home at Finery Bay.

Lieut. Fred. McLaine, who has been on duty at the internment camp at Morrissey, B. C., arrived in Victoria yesterday to spend a short leave with his family, who are residing at Linden Avenue.

Mrs. J. O. Perry has come over from Vancouver to represent the Local Council of Women of that city at the convention of the Civic Improvement League and Town-Planning Association which is being held here in connection with the Municipalities Convention.

Bishop Schofield paid a visit to Salt Spring Island on Saturday and on Sunday was the celebrant and preacher in St. Mark's Parish Church, the service being well attended. He also preached at St. Paul's, Gonzaga, and St. Mary's, Fulford Harbor, in the afternoon and evening, where there were also large congregations.

Yesterday at noon a pretty wedding took place at the home of Mr. and Mrs. James Richards, 1264 Gladstone Avenue, when their second daughter, Mildred Lena, became the bride of Gunner Samuel E. Ruby, of the 5th Regiment, C. G. A., now attached to the Canadian Engineers at Red Hill, Esquimalt. The Rev. H. S. Osborne, pastor of the Metropolitan Methodist Church, officiated. The bride, who was given away by her father, wore a becoming traveling costume of French blue broadcloth, with picture hat of silver lace and blue velvet. She was attended by her sister, Miss Alberta G. Richards, who wore a smart gown of midnight blue chambrase and white georgette crepe hat. William C. Richards, brother of the bride, supported the groom. After the ceremony a dainty luncheon was enjoyed in the dining-room, which was lavishly decorated with pink carnations combined with pink and mauve sweet peas. Gunner Ruby and his bride left on the afternoon boat for Vancouver, where they will spend their honeymoon, later returning to Victoria to make their home on Palmouth Road.

July's Birthstone—The Ruby, which means a Contented Mind.

CANNING KITCHEN HELPS HOUSEWIVES

Variety of Produce "Put Up" in Women's Canadian Club Establishment

Jar upon jar of really green peas, luscious raspberries, strawberries, cherries and gooseberries, tempting enough to woo the appetite of the most fastidious gourmet! Such is the sight which greets the eye of the visitor to the community canning depot recently opened at Oak Bay Avenue under the auspices of the Women's Canadian Club. Though only in operation since the beginning of last week, a number of Victoria housewives have already realized that much time and labor is saved by taking their fish, meat, fruit and vegetables for canning to this community kitchen, while the risk of spoilage always attendant upon such operations at home is reduced to a negligible minimum when carried out under the scientific process employed at the kitchen.

Splendid Equipment. The equipment includes a steam-pressure outfit, with three retorts each capable of accommodating fourteen quarts or twenty-eight pint jars. A large iron framework, somewhat suggestive of a gymnasium horizontal bar with a pulley attached, is used for lifting the heavy retorts from the heater. An oil-range is employed for the necessary work of sterilizing the jars before use. Long tables of snowy whiteness and chairs for the accommodation of interested visitors complete the equipment of this kitchen, whose destinies are presided over by a capable woman.

At the rear of the kitchen are commodious rooms where the canned goods may be stored until such time as the owners call for them. For the convenience of those housewives who intend sending a steady supply of fruits and vegetables as they come in season, it has been suggested that the filled jars could be safely left at the rooms until the end of the season, when all the finished products could be taken away at one time, thus saving the housewife numerous journeys.

The present lack of transportation facilities due to the street car strike has prevented that wide use of the

Sayward Building 1211 Douglas Street

kitchen which the club had anticipated, but that such a handicap does not deter the really patriotic woman anxious to help in food conservation is readily proved by the fact that one housewife walked all the way from Fernwood to the kitchen, carrying her vegetables and jars for canning. Those who do not possess jars may obtain them at the kitchen, a stock having been acquired at the current prices, so that all that is necessary is to take one's fruit or vegetables or have them delivered, and the products will be scientifically and satisfactorily canned to be triumphantly brought forth to the dinner-table next winter when fruit and vegetables will be scarcer than ever before.

Suggests United Efforts. To a Times representative yesterday, the managers of the kitchen pointed out the saving in time and fuel which would result were several housewives to unite and send their products together on the one day, thus, peas on one day, spinach on another and so on. The retorts hold twenty-eight pints or fourteen quart jars, and to ensure the most economical use of the outfit it is better that the retort be filled each time it is used, instead of having to fire up for perhaps just four jars of strawberries or seven jars of peas. Then again it is requested that as far as possible but one size jar be used, and that each be filled very full. It hampers operations somewhat if goods are sent in jars of varying sizes, while unless the jars are filled to the fullest capacity the fruit or

RED CROSS FETE AT "CLOVERDALE" JULY 13

Many Attractions to Be Staged in Beautiful Gardens Next Week

On Wednesday next, July 13, a garden fete in aid of the Red Cross will be held at "Cloverdale," the home of the Misses Tolmie, on Cloverdale Avenue. The grounds surrounding the house are particularly beautiful, containing some very fine old trees and a profusion of flowers, while one of the most charming bits is the "wild" garden where a wooded dell offers shady retreat on a hot summer day.

Many Attractions. In addition to the natural attractions offered by the gardens, the committee in charge of the event have planned a number of those attractions incidental to the affairs of this nature. The Misses Tolmie will preside over a booth at which will be sold a number of striking and novel bags of every description. A fancy work stall for the sale of boudoir accessories, and the hundred and one dainty things dear to the feminine heart, is to be in charge of the Misses Jean and Carol Tolmie. A market produce stall will display vegetables, new-laid eggs, fruit and home cooking; fortune-telling will be provided for those interested in the occult, while a number of raffles including attractive prizes as a hand-embroidered nightdress, which is on view at Angus Campbell's, where tickets may now be purchased; bedspread, now being exhibited at Gordon Drysdale's, also a handsome bag, tray, and a large table centre.

A painted butterfly booth, an old-fashioned "Aunt Sally," a touch-and-take booth and a bean guessing competition will appeal to many. Lovers of tennis will find ample opportunity for a display of their prowess in this direction through the medium of the tournament which is being arranged by J. G. Brown. During the afternoon Mrs. Robert's orchestra will dispense music in the grounds, and tea and ice cream will be served from the summer house.

Dancing on Lawn. Dancing on the lawn is to be the big feature of the evening, for which the 5th Regiment Band will provide the music, by kind permission of Col. Angus. Every effort has been made by the organizers to ensure the enjoyment of all who attend, and it is hoped that a goodly number will take the opportunity of seeing the beautiful gardens and at the same time helping a worthy cause—the Red Cross.

A little man arrived at a certain hotel one night and rang the bell for some refreshment. No answer. He rang again. Still no answer. Then he put his finger on the button and held it there till he heard footsteps. A knock, and a majestic maid entered. She looked at the little man scornfully. "Did you ring?" she asked. "Yes," he said. "Humph!" said the maid. "Who lifted you up to the bell?"

VICTORIA MASSEUSE GRADUATES IN ENGLAND

The first graduating class of masseuse at Granville Canadian Special Hospital, England, January 30, 1918. The instructor is at the head of the line in dark blue uniform. The fifth nurse from the right is Nursing Sister W. K. Tomlinson, of Victoria, who has just returned home after three years' service with No. 5 Canadian General Hospital. Seventh from the right is Nursing Sister Elinor Wade, of Victoria, also an original member of No. 5, and now a masseuse at that hospital in Liverpool, England.

EVERY EXPECTATION HAS BEEN EXCEEDED

Says Hon. T. D. Pattullo, Who is Just Back From Spruce Belts

Fresh from the spruce belts of the Queen Charlotte Islands and wearing a coat of tan on his countenance, the Hon. T. D. Pattullo, Minister of Lands, reached his office at the Parliament Buildings this morning. The Minister waxes enthusiastic concerning the general outlook of the spruce logging industry, and had no hesitation in saying that all expectations had been very considerably exceeded both as to quality of product and the daily production.

Hospital Buildings.—He speaks in high terms of the manner in which the Imperial Munitions Board has made its plans for the efficient handling of this much needed commodity and of the splendid provision made for the comfort of the men engaged in the industry. At Port Clements, the I. M. B. northern headquarters, and at Thurston Bay, the southern headquarters, the Board has erected hospital buildings with every necessary equipment for the treatment of those who fall sick by natural causes or, as is naturally more frequently the case, by accident.

Valuable Monstros.—One tree, felled in the presence of the Minister, lay flat with a value of \$1,300, producing 45,000 feet of No. 1 spruce, and netting the Provincial Government no less than \$285 by way of stumpage return. Forty-five thousand feet was the estimated product of the fallen leviathan. Mr. Pattullo says that many such have been felled of re-

cent date, while countless specimens have a value of from \$500 to \$1,000. In the section visited by the Minister he saw spruce timber with a diameter of eleven feet, while as far as the general supply is concerned, he says there is scarcely any limit to it. The men are contented. There are no kicks and one returned soldier told him that when he went up to the "belt" he weighed 140 pounds—he is now strutting around with a broad smile and bulk bumping home 215 pounds.

Pulp Mills.—Mr. Pattullo expects to see the establishment of a couple of pulp mills in the Charlottes in the very near future, when the wastage from spruce logging will be taken care of in a profitable fashion. In this connection he is arranging for a proper reconaissance of water power potentialities, an undertaking never before tried in this section. He attaches a good deal of importance to the general development likely to follow in the wake of spruce logging activity.

Commission Form of City Government.—A lecture will be given on this subject by Mayor Hardie, Lethbridge, president of the convention of the Union of Canadian Municipalities on Friday evening next, 12th inst., at 8 o'clock in the Knights of Pythias hall, North Park Street. Chair will be taken by Premier Hon. John Oliver. Other speakers, Hon. W. J. Bowser, Esq., and Mayor Todd.

Charge of Assault.—James Wilson was arraigned before Magistrate Jay in the Police Court this morning on a charge of assaulting George Lewis. Accused pleaded not guilty though he told the Court that he had thrown Lewis down and kicked him with the idea of teaching him a lesson. There were circumstances, he said, behind his action, that he did not wish to divulge. The case was remanded until to-morrow.

Military Service Case.—John Schiller, charged with failing to notify the registrar of a change in his address under the Military Service Act, was remanded till Saturday by Magistrate Jay in the Police Court this morning.

WELL-KNOWN RESIDENT PASSED AWAY TO-DAY

A. St. George Flint Was Prominent Freemason; Been Here Thirty Years

A much-respected old-time resident and prominent Freemason of the city passed away this morning in the person of A. St. George Flint, who died at the residence of his daughter, Mrs. F. C. Pauline, 1480 Dallas Road.

Sixty-one years of age, the late Mr. Flint was a native of Ireland and came to Victoria over thirty years ago. For many years he conducted a real estate and insurance agency, first as a partner in the firm of Flint & Prosser, with office in Trounce Alley, and later by himself in Trounce Alley and at 532 Broughton Street. He had been in failing health for the past three years and experienced a serious relapse some weeks ago, the malady resulting in his death this morning.

Mr. Flint was a prominent member of the Masonic craft, a member of the Grand Lodge of British Columbia. For twenty-seven years he has been associated with the Victoria and Columbia Lodge No. 1, in which he had occupied the Master's chair, and had for many years held office as secretary. He was also secretary of the Victoria Building Society No. 2.

Besides his widow he is survived by one son, Gerald Dudley Flint, of Vancouver, and three daughters, Mrs. P. A. Watson, Mrs. J. C. Heyland and Mrs. F. C. Pauline, of Victoria. The funeral will be held from the residence, 1480 Dallas Road, at 2 p. m. on Friday, proceeding to St. James Church, where service will be conducted by Archdeacon Sweet at 2.30.

PREMIER CONTINUES TO ROCK C. N. R. BOAT

Mr. Oliver's Wires Give Dr. Reid No Slumber These Days

"I am still awaiting reply to my wire of July 4. Am I to understand that the Dominion Government rejects our offer of the loan of steel rails, made in response to your request, except upon conditions dictated by Canadian Northern Railway officials?"

Is Another Attempt.—The foregoing is a copy of the telegram sent by Premier Oliver this morning to the Hon. J. D. Reid, Federal Minister of Railways and Canals, and is another endeavor on the part of the Premier of this Province to discover whether or not the question of price for Terminal lands in the city of Victoria is to remain the stumbling block to urgently needed construction on the Canadian Northern grade between Colwood and Sooke at between Cowichan and Nitinat.

The stage at which the negotiations between this Province and the Dominion Government had arrived yesterday is too well-known and understood by the people of this city and this Island to need further recapitulation here. Suffice it to say that Premier Oliver can only be induced to "let up" by the definite assurance that steel will be laid at once and that the price of terminal lands will be determined by arbitration proceedings. In this stand he has the solid support of every person on Vancouver Island who places the development of the community ahead of sectional expediency.

Munitions Board Undertaking.—With an already keenly manifested concern in the whole situation Major Austin Taylor, Director of Aeronautical Supplies of the Imperial Munitions Board in British Columbia, has again written to Premier Oliver in the following terms:

"In reference to our correspondence regarding the construction of that portion of the Canadian Northern Railway, which will connect Nitinat Lake district with Cowichan Lake district:—If we could have your early assurance that the Government would finish the construction of this piece of railway so that it will be in complete operating order by November 1, 1918, I would be prepared immediately to authorize the construction of the necessary railway through the Nitinat Lake district.

"Since seeing you I have had a full report on this property, and have also had the proposed railroad line surveyed."

LORD'S DAY ACT IS RESTING PEACEFULLY

The Attorney-General Receives the Weekly Communication From Chief

When the Attorney-General returned to his office in the Parliament Buildings this morning he found awaiting him another communication from Chief of Police Farris. It was couched in similar terms to those sent to Mr. Farris at the beginning of each of the last three weeks, and accompanying it was a very nicely typed list of those within a few years ago under-took her own housework.

The Police Chief sees no reason why his gentlemen should not be allowed to answer for their sins as the law prescribes. On the other hand the Attorney-General, still hopeful that the "citizens of Victoria may have the intelligent enforcement of the Lord's Day Act to which they are entitled," fails to respond to the persuasion of the Chief of Police so long as his communication is not accompanied by an official request from the Board of Police Commissioners.

It will be remembered that the Attorney-General mildly suggested to His Worship and to the Chief of Police last week that unless his prescribed procedure was followed out continuance of the present formula would merely mean a waste of time, paper and stamps. In the meantime every confidence is placed in General Foch and there is no indication that the world will come to an end during the present week.

Hear Mayor Hardie on "Commission Form of City Government," on Friday evening next, 8 o'clock, in the Knights of Pythias Hall. Mr. Hardie is a pioneer and experienced champion of this form of municipal government. Through its adoption the City of Lethbridge, compared with other Albertan cities, has been brought to a satisfactory position.

Stolen Watch Case.—The case of Wong Wing, a Chinaman, charged with having in his possession a watch which he knew had been stolen, was remanded until to-morrow by Magistrate Jay in the Police Court this morning.

Domestic Disappeared.—One of the residents on Linden Avenue recently engaged a Seattle domestic. The woman seemed very suitable in every way and for several days gave every satisfaction. Then she disappeared and it was discovered that a small sum of money, \$7 to be exact, was missing. Nothing has been heard of the woman since.

AGED RESIDENT OF CITY DIED TO-DAY

Mrs. Amelia R. Williams Came Here in 1853; Ninety-Four Years of Age

Within five years of attaining the centenary of her birth, Mrs. Amelia Rebecca Williams, wife of Edmund Austin Williams, a respected pioneer of this city, passed away this morning at the residence of her son, A. C. Williams, 1829 Lillian Road. Although in her ninety-fifth year Mrs. Williams retained all her faculties, with the exception of hearing, almost up till the last and within a few years ago undertook her own housework.

She is survived by her aged husband, who is a few months older; three sons, William John and Alfred Charles, of this city, and Thomas Albert, of Nicola; three daughters, Mrs. J. W. Morley and Mrs. J. W. Moore, of Victoria, and Mrs. J. R. A. Richards, of Salmon Arm; twenty-two grandchildren and twenty-four great-grandchildren, one grandson and two great-grandsons on active service.

A native of London, England, Mrs. Williams was married shortly before she and her husband came here in 1853 on a five-year contract with the Hudson's Bay Company, in common with many other pioneers of Victoria. The steamship Norman Morrison, traveling by Cape Horn, took six months to the day to make the trip. When their service was completed the company presented them with twenty-five acres of land at Cadboro Bay, which they farmed for a time before selling out to buy another farm at Royal Oak. For the past thirty years they have resided in the city, most of that time at 1120 North Park Street, until enfeebled health necessitated their taking up their residence with their daughter. The funeral will be held from the residence of her son, 1829 Lillian Road, on Friday afternoon at 4 p. m.

Eleven Returned Soldiers.—Eleven soldiers returned from overseas service on the Vancouver boat this afternoon. They were Lieut. D. Martin, Sgt. G. E. Ashton, Sgt. A. Gillard, Sapper R. Forbes, Pte. M. B. Potter, Pte. C. F. Potter, Pte. W. B. Smith, Pte. W. Ginkler, Pte. G. J. Bailey, Pte. E. Logging, Pte. N. S. Atkinson.

OBITUARY RECORD

The funeral of William Stewart Derry, who died at his home last Sunday evening, took place yesterday afternoon, the remains leaving the Sands Funeral Chapel at 4 o'clock and at 4.30 service was conducted at St. Paul's Presbyterian Church by the Rev. R. M. Thompson, assisted by the Rev. Dr. MacRae. Many relatives and friends attended the service. The pallbearers were: Messrs. McDonald, Solandt, Patterson and Stephenson.

The funeral of Capt. Albert Ovard Sears took place yesterday afternoon at 3 o'clock from the family residence, Rev. H. S. Osborne officiating. Many friends gathered at the home to pay their respects to an old and respected citizen. The service was very impressive. The funeral was under the auspices of Vancouver and Quadra Lodge, A. F. and A. M., whose members attended in a body. The following, all members of the Lodge, acted as pallbearers: Capt. Chas. F. Harris, Capt. George Kirkendale, Capt. Fred Anderson, Robt. J. Hurst, Wm. Turpel and John F. Rissler.

The funeral of Mrs. Della Elizabeth Matthias, whose death occurred last Sunday at her home, 2160 Florence Street, took place yesterday afternoon at 2.30 o'clock from the Sands Funeral Chapel. Relatives and many friends were present, and many beautiful flowers testified to the high esteem in which deceased was held. The Rev. A. B. Osterhout officiated, and the pallbearers were: Messrs. Noble, Bamfield, Dobson, Nicholas, Demal and Saudeford.

The funeral of Mr. Thomas Cook, whose death occurred at his home, 1111 Yates Street, took place yesterday afternoon at 1 o'clock from the Sands Funeral Chapel. Many relatives and friends were in attendance, and the casket was adorned with many beautiful flowers. Rev. E. L. MacRae officiated. The pallbearers were: Messrs. Robertson, David, James, Thomas, Donald and Archibald Cook. Interment was made in the family plot at Ross Bay Cemetery.

Reserved Judgment.—After hearing the evidence on both sides in the case of Charles Jordan, who is at present at liberty under bond and who faces a charge of indecent assault upon a little girl, Magistrate Jay, in the Police Court this morning, reserved his judgment until to-morrow.

Announcement.—There will be no meeting to-morrow of the Central W. C. T. U. on account of the strike.

Case Dismissed.—Magistrate Jay, in the Police Court this morning, dismissed the charge against Henry Dyer, of not having a marriage certificate to show his exemption from Military Service.

Former Victorian's Appointment.—The many local friends of David Donaldson, Jr., who formerly resided at 129 Ontario Street, Victoria, and who doubtless is interested to hear that he has been appointed American Vice-Consul for Prince Rupert, B. C.

Injured a Chinaman.—For kicking and seriously injuring Lee Doo, a Chinaman who works on James Island, where the assault occurred, Cecil Beale, a young man who has already been arraigned before the Magistrate on a similar charge, was fined \$20 by Magistrate Jay in the Provincial Police Court this morning. Accused was arrested by Provincial Constable Gilbert, of Sidney, and brought to this city. The assault occurred as a result of an altercation when accused met two Chinamen walking on the sidewalk, and had evidently jostled the elder of the pair. The result was that the informant's son had come to blows with accused, and Lee Doo himself had joined in the squabble, receiving a severe kick from the boot of Beale, who had then run away. The doctor, said the Chinaman, had pronounced the injury done as serious.

NEW DISEASE IN GERMANY IS DUE TO LACK OF SOAP

Amsterdam, July 10.—A new disease which recently appeared in Germany is attributed to the shortage of soap. So far the German health authorities have been unable to find a remedy for the malady, which is called "tricofta," and affects the skin and hair. The disease is caused by lack of soap and the unsanitary conditions resulting from it.

Free Lecture Wednesday, at 8 p. m. in hall, 118 Pemberton Building. Dr. Butler will give an illustrated "Character study" on the face, nose, ears and mouth. Admission free.

Comrades of the Great War—A special meeting will be held at their quarters, corners Yates and Government Streets, on Thursday, July 11. Election of officers and other business. All members are earnestly requested to attend.

The Navy League Chapter, I. O. D. E. will hold its monthly meeting Friday, 12th, at 2:45 p. m., Arcade Building.

Y. W. C. A. Fete Postponed—The garden fete planned by the Y. W. C. A. to be held this afternoon at the home of Mr. and Mrs. W. J. Bowser, Terrace Avenue, was postponed on account of the unfavorable weather, and will be held on the first fine day. Such was the announcement made by the organizers who hope that the interest of intending patrons will be sustained until the later date, which will be duly announced.

Gramophone Donated—Those friends who generously contributed towards the purchase of a gramophone for the Victoria Isolation Hospital will be interested to hear that the sum of \$40 had been collected, when Mrs. Doig came forward with the offer of an instrument of the kind which was needed. After consultation with the matron, Mrs. W. York and Mrs. J. Leeming, who were in charge of the money devoted to the purchase of a number of records, also a swing hammock and a reclining chair, while the balance was spent on suitable toys for the convalescent children. The matron has expressed her thanks to all those who generously assisted in the undertaking.

Hour Changed—The Local Improvement Commission will sit at 3 p. m. tomorrow instead of 2.30. Complainants are asked to notice the change of hour.

Writes From Germany—Lieut. Emerson L. Smith, son of Mr. and Mrs. Lincoln Smith, 124 Linden Avenue, writes from the German prison camp at Eirstenberg, where he has been held since last October, that he is getting along nicely and the treatment accorded the prisoners is not too bad.

Made Lieut. Colonel—Major T. M. Ralston, who is well-known in Victoria, has been promoted to the rank of Lieut. Colonel in the royal Canadian Engineers. He left Vancouver with Tobin's Tigers, and after serving six months was transferred to division headquarters of the Engineers in France. He is a railway engineer by profession.

Accident With "Scoter"—Little Lillian McLaine, daughter of Lieut. and Mrs. F. McLaine, of Linden Avenue, is lying in the Royal Jubilee Hospital suffering from a fractured jaw and other injuries caused in an accident on Monday evening. The child was less than one-third of an inch, she swerved and the machine hit the curbstone, throwing her violently to the pavement. She was this morning reported to be making good progress towards recovery.

Welcome Rainfall—Farmers and gardeners are rejoicing over the rain which has fallen since yesterday afternoon and terminated the long spell of drought which was threatening disaster to potato crops. Until nine o'clock this morning the precipitation had attained a depth of .25 of an inch, with every appearance of continuing for some hours. In Vancouver in the same period .35 inches had fallen—a precipitation, not welcomed by the public who are forced to walk to town by reason of the street car strike. Yesterday's rain was the first which had fallen since June 15, when .02 of an inch was recorded at the Gonzales Heights, and the total rainfall for the whole month was less than one-third of an inch. A severe thunderstorm raged in the Strait of Juan de Fuca and over the Gulf of Georgia yesterday afternoon and distant rumblings were heard in this district. The rainfall has been general throughout the province and will be welcomed by those who have been strenuously engaged in fighting forest fires.

G. A. Richardson & Co.
 Victoria House, 636 Yates St.

GAVE HIS LIFE; NOW RECOMMENDED FOR V.C.

Late Corpl. Chris. Lange Died April 20; Brother of Victoria Man

J. A. Lange, of Yates Street, has received word of the manner in which his brother, the late Corpl. Christopher Lange, met his death in action. The young soldier died of wounds received on April 20 under such exceptionally gallant circumstances that he has been recommended for that most coveted reward—the Victoria Cross.

The letter says in part: "He died from wounds received on the night of April 20th in a bombing raid, he being in charge of the party. With seven others he destroyed the objective and killed the occupants, during which time something occurred. Chris was badly wounded and told the others to clear and run for it, he himself doing the job and being the last to leave. Only a week before I had met him out here and had a good talk (we were down a cellar). At that time he was gassed and had some shrapnel scratches, but you know what a plucky kid he was, he carried on and would not go 'sick.' He gave his life for his chums and has been recommended for the Victoria Cross, and deserves it doubly. He was promoted on the field at Cambrai and was last of eighty bombers, so I am told by a chum of his."

VICTORIA AVIATOR REPORTED MISSING

LIEUT. KENNETH MURRAY

A native son of Victoria who went overseas with the Western Universities Battalion, and who is now reported missing. After reaching England Lieut. Murray was posted with the Officers' Training Corps, and later was granted his commission in the infantry in May last year. In August he was transferred to the Royal Flying Corps and by December he had secured his pilot's certificate though still maintaining his rating in the infantry. On the first day of February the young officer had his first meeting with the Hun.

City School Board—The monthly meeting of the Victoria School Board will be held this evening, when a number of matters will be before the trustees. Arrangements will be made for repairs to buildings during the vacation. Reports from committees are expected with regard to the application for an increase of salaries for teachers, and the reorganization of classes in the Margaret Jenkins and Sir James Douglas Schools.

Teamsters Organize—Organization of the teamsters of the city into a Teamsters' and Truck Drivers' Union was completed at a meeting of representatives of the trade held last night at labor headquarters at the Knights of Pythias Hall. There was a good attendance of representatives of men employed in contracting, warehousing and other lines engaged in the business. Bert Showler, head of the Vancouver Teamsters' Local, was present and addressed the men. The new union will start off with a membership of about 100. Another new labor organization about to join the union ranks is the cereal and flour mill workers, who have decided to organize. A meeting of those interested was held last night.

GARBAGE SYSTEM IS MENACE TO HEALTH

Charging for Cans Causes Trouble; Should Be Under Sanitary Department

That the garbage system at present employed by the city is entirely unsatisfactory and a menace to the public health and that the Garbage Department properly comes under the direction of the Sanitation Department were the points brought out in evidence this morning before the Conciliation Board hearing the complaints of Victoria's civic employees.

City Sanitary Inspector Lancaster was giving evidence, and in answer to a question by Mr. Dakers as to whether or not in his opinion it would best serve the interests of the city if the Garbage Department were part of the Sanitary Department, Mr. Lancaster gave a decided answer in the affirmative.

Cans Carry Germs. The garbage system was originated by Mr. Lancaster, but was taken away and put under the Engineering Department, proving more costly and not at all satisfactory. Illustrating why it should be under the Sanitation Department he quoted a case where he found a garbage man about to remove a can from premises where there was smallpox. Mr. Lancaster almost had to use force to make the man leave if not simply because the man did not feel he should take orders from any one outside his own department. In cases where disease is discovered the sanitary inspector takes special care to see that nothing is allowed to be spread by the garbage cans constitute the greatest menace to the health of the sanitary officers.

Cost of Department. With respect to the administration of Mr. Lancaster's department it was shown that he and one assistant with salaries of \$114 and \$85 respectively, looked after a department which carried a good deal of responsibility, entailing much work.

Giving evidence as to the conditions under which garbage men work and the wages paid, Louis Roskamp stated that they were asking for an increase on account of the danger of catching diseases and the working conditions generally, the men having to eat their meals outside in the wet during winter months, and since the city had decided to charge for garbage cans residents were using an old thing to hold the garbage, boxes, barrels and tins being put into commission by the people, who tried in every possible way to get out of going to the expense of paying for a garbage can.

Alleged Hardship. The result of these conditions was that a hardship was worked on the garbage men and some of the regulation cans used were so old that when the men went to attempt to pick them up they found themselves smothered with the contents. Under the former system, when the city supplied the cans free, the receptacles were always kept in good condition.

Roskamp said that his hours were from 6.45 a. m. to 4.45 p. m., with three-quarters of an hour for lunch for which the wages paid amounted to \$3.50 per day.

Other civic employees will be heard as to the wages paid and the conditions under which they are working.

APPEALS TO HOTELS TO SERVE POTATOES

Food Board Provincial Chairman Wants Tubers to Replace Bread

Chairman Kingham, of the Provincial Committee, Canada Food Board, makes a strong appeal to all hotel and restaurant proprietors to serve their customers with more potatoes. "Double the quantity generally given would be little enough," stated Mr. Kingham, "when we remember that potatoes will take the place of bread. We are informed that there is not an ounce of exportable wheat in Canada today and it is up to us to reduce consumption whenever and wherever the opportunity offers. Potatoes have a food value many of us do not understand. They are practically a perfect substitute for bread and we should make it a matter of patriotism to see that whenever our potatoes are procurable they are used up before we turn our attention to the new crop."

BOARD OF TRADE

Council Meets Tomorrow and General Meeting is Fixed for Friday

A meeting of the council of the Board of Trade will be held to-morrow morning at 10.30 to receive the recommendations of the special committee which is dealing with the proposal to change the location of the Board's offices.

This matter will also be taken up by the full board which holds its quarterly general meeting at the Board rooms commencing promptly at 3 o'clock Friday afternoon, and at which Board hopes to arrange for an address upon some subject of interest by one of the visiting delegates to the Union of Canadian Municipalities and Civic Improvement League of Canada.

A motion will also be brought before the Board by W. A. Jameson and E. B. Andros which, if carried, will make the annual subscription payable by members of the Board \$20 instead of \$12, as at present.

MAY BE REPATRIATED

Recent Order Affects Americans Serving in British Armies.

American citizens who enlisted in any of His Majesty's forces prior to the time at which the United States entered the war forfeited their nationality under the provisions of an Act of Congress passed March 2, 1907.

On their return to the United States after discharge they are regarded as aliens and must pay a head tax, unless they take advantage of the provisions for repatriation contained in the Act of Congress passed October 3, 1917.

All that is necessary under the last mentioned Act is that an expatriated man should present himself before a Consular officer of the United States, offer satisfactory evidence that he comes within the provisions of the Act, and take the oath of allegiance.

The date on which the United States entered the war was April 6, 1917.

United States citizens enlisting in any of His Majesty's forces since that date do not relinquish their nationality, and so need not apply for repatriation.

ESQUIMALT ELECTION

Ralph Stephens to Be Candidate for Position of School Trustee

As a result of a deputation of ratepayers which waited on him last night to urge his candidature at the forthcoming by-election at Esquimalt to fill the vacancy on the Board of School Trustees caused through the recent resignation of Trustee Leonard Tall, Ralph Stephens has agreed to allow his name to be placed on nomination. He wishes it to be known, however, that his views are entirely independent and if elected his actions, as a trustee, will be governed according to circumstances, always having in mind the best interests of the district.

Mr. Stephens is a well-known and popular resident of Esquimalt, having been for sixteen years foreman of the Engineering Department at the works of Yarrows Ltd., Esquimalt, formerly the B. C. Marine Railway Company.

COMMISSION GOVERNMENT

Mayor Hardie, of Lethbridge, to Speak at Public Meeting Here on Friday

Mayor Hardie, of Lethbridge, Alberta, president of the Convention of the Union of Municipalities has consented to address a public meeting in the Knights of Pythias Hall, North Park Street, on Friday evening, July 12. He will speak on the subject of "Commission Government"—a subject upon which he is fully qualified to discuss, as the city of Lethbridge has

Save Money on One of These Valuable Slightly Used Pianos

This is no ordinary opportunity. Each of the Pianos you will find described below has been built by a maker of international reputation. They are first-class instruments, in first-class condition; offered at prices allowing the utmost value for the money. Convenient terms of payment can be arranged on any of them.

EMPRESS PIANO.....\$300
 A snap at this price. Case is of elegantly worked oak, and its tone is singularly sweet and pleasing. To all intents and purposes this Piano is in a condition as good as new.

R. S. WILLIAMS & SONS PIANO, \$275
 A small cottage style in a dark rosewood case, tone and general condition excellent. This is an ideal instrument for an apartment or small house.

MARTIN-ORME PIANO.....\$295
 A full-size Upright Grand Piano in first-class condition. The maker's name is sufficient guarantee of tone quality and lasting capabilities. This low price should prove a big attraction.

GOURLAY PIANO.....\$295
 A handsome modern design worked in solid walnut. This Piano has seen but very little service and is now in a condition equally desirable as the day it left the factory.

R. H. DAY & CO.....\$310
 An Upright Grand model in a rich burl walnut case. Tone is excellent and every working part of it is in a perfect state of repair.

PLAYER PIANO SNAPS FROM \$500
 Our assortment of slightly used Player Pianos includes such well-known makes as Gerhard Heintzman and Heintzman & Co., Toronto; Estey, N. Y.; Auto-Piano, N. Y.; Aeolian, N. Y. Come in and look them over. The values available are most unusual.

been run under this form of administration for some years past.

The Premier, Hon. John Oliver, will preside, and other speakers are to include W. J. Bowser, K.C., and Mayor Todd. The organizers of the meeting have extended invitations to the City Council, the Board of Trade and Rotary Club to attend, and it is hoped that the general public will take the opportunity to hear this able speaker. The meeting is to commence at 8 o'clock prompt.

TENNIS TOURNAMENT ONCE MORE POSTPONED

The car strike is not the only thing that can call up athletic events in this city. The rain yesterday, of course, necessitated the postponement of the Annual Club Handicap Tournament of the Victoria Lawn Tennis Club. It is not yet known when the competition will be able to proceed, but it is certain that the present weather will prevent racquet wielding for some days. The courts must be in a condition of the utmost slipperiness and in the meantime the drawing and handicapping has been accomplished.

STRENGTH FRANCE MAIN CONSIDERATION U. S. Government Holds Aid for Russia Should Not Weaken West Front

Washington, July 10.—The Government of the United States regards the situation in Russia as so rapidly and constantly changing as to make it impossible to come as yet to a decision as to what military aid may be extended by the United States. This was authoritatively stated today.

BELGIUM KING AND QUEEN TO ENGLAND IN AN AEROPLANE

KING ALBERT London, July 10.—King Albert and Queen Elizabeth of Belgium reached England in an aeroplane when they came last Saturday to attend the silver anniversary of the marriage of King George and Queen Mary. It was learned today.

TRENTINO PEOPLE BRUTALLY TREATED Men and Women of Italian Descent Cruelly Handled by Austrians

London, July 10.—Italians who were drafted into the Austrian army and made to fight under the Austrian banner have suffered maltreatment at the hands of their Austrian commanders, according to the story of an Italian captain made public here.

Many Condemned. A large number of Austrian subjects of Italian ancestry were condemned for political reasons, the officer said. "They were sent in groups into Galicia. En route they were subjected to varied and constant brutality from their escorts, and they were insulted by the inhabitants. Sometimes they were shut in cattle trucks with guards with fixed bayonets in passenger coaches next to them. In this manner they journeyed over the Carpathians and Galician lowlands with nothing to eat but bread and dirty soup served in mess tins which the guards spat by way of amusement. The full tale of the sufferings of these victims of Austrian ferocity never can be told."

Persons to the number of one-third of the population of 200,000 in the Trentino have been interned, the captain said. Whole families were hurried to concentration camps for the duration of the war on the slightest pretext. The more intellectual inhabitants seemed to be particularly singled out.

HALF REGISTRATION FIGURES REPORTED Total of 2,349,015 So Far in Canada Declared Satisfactory

Ottawa, July 10.—With approximately fifty per cent of the constituencies of the Dominion Board from the Canada Registration Board, of which Hon. G. D. Robertson is chairman, reports that the returns received show that 2,349,015 Canadians registered on June 22. The number of males who registered in 122 constituencies from which complete returns have been received was 1,136,116, while the female registrants numbered 1,212,899. These figures are considered as satisfactory by the Registration Board, more particularly in view of the fact that returns have yet been received from many of the city constituencies having a large population.

LOS ANGELES COUNTY WILL BE "BONE DRY" Los Angeles, July 10.—Los Angeles County will become "bone-dry" January 1, 1920, under the terms of an ordinance adopted today by the unanimous vote of the board of supervisors.

G. N. W. TELEGRAPHERS THREATEN STRIKE Will Cease Work in Canada Unless Two Discharged Men Reinstated

Toronto, July 10.—Unless the Dominion Government acts today and secures the immediate reinstatement of two discharged employees of the Great Northwestern Telegraph Company, a general strike of the employees of the company from one end of Canada to the other will be called at once by C. E. Hill, who is acting here for S. Konenkamp, president of the Commercial Telegraphers' Union.

Cabinet Meets. Ottawa, July 10.—The Cabinet met in special session at 11 o'clock this forenoon to discuss the threatened strike of all the operators employed by the Great Northwestern Telegraph Company.

GRAIN AT CHICAGO CONTINUE STEADY Chicago, July 10.—The near options in grain continue to gain on the more distant ones as it becomes more difficult to get the cash article. The market today was narrow and the only weakness was seen when the Winnipeg market took a sudden dip.

\$5,700,000 OBLIGATION OF C. N. R. IS PAID Inference is That Dominion Government Found Money for Settlement

Toronto, July 10.—Notes of the Canadian Northern Railway Company to the amount of \$5,700,000 maturing today will be paid at the branch of the Canadian Bank of Commerce in New York City. These are the notes issued through William A. Read & Company a year ago.

DEATH TOLL IN BIG RAILWAY SMASH IN TENNESSEE IS 115 Nashville, Tenn., July 10.—Latest reports today from the morgues and hospitals indicate that fifty white persons and sixty-five negroes were killed and more than 100 injured in the head-on collision between two passenger trains on the Nashville, Chattanooga & St. Louis railroad near this city yesterday, and a number of the injured are expected to die.

BRITISH EASILY REPULSED GERMANS TO-DAY'S TRADING IN WINNIPEG MARKET Winnipeg, July 10.—Quiet action prevailed on the market today. Oats closed 1 1/2 lower for July and 1 1/2 lower for October. Flax closed 7 1/2 cents higher for July and 6 1/2 cents higher for October.

C. N. R. EARNINGS.
Toronto, July 10.—The gross earnings of the Canadian Northern Railway during the week ended July 7, the first week of the C. N. R. financial year, were \$21,700, a decrease of \$69,600 from the figure for the corresponding week of last year.

WHEN you commence to calculate the cost of dentistry and compare the benefits that will come as a result of sound, healthy teeth, it is then that you realize how trifling and insignificant are the dollars and cents you expend. Sound teeth are a safeguard against ill-health. Their possession gives a reasonable guarantee against future doctor's bills and loss of earning power due to illness. Sound teeth are desirable, also, for appearance sake. In many lines of business an attractive appearance counts for much. Sound, even teeth are a tremendous help in this respect.
Think this matter over if you are handicapped by unsightly, unhealthy teeth. Better still, make up your mind to have this vitally important matter looked after.

BIG DEMONSTRATION OF SHIP WORKERS

LARGE NUMBER OF MEN NOW OUT OF EMPLOYMENT

Workmen Are Determined to Locate Cause of Languishing Industry
The shipyard workers of Victoria are exhibiting signs of restlessness at the lack of shipbuilding activity as the contracts now in hand at local yards are approaching completion, and stops have been taken by the union organizations to hold a demonstration in the immediate future with the object of determining the future status of this port as a shipbuilding centre. With no new contracts yet in sight, although it is correctly understood that plenty of ship contracts are available in the event of negotiations being successfully consummated whereby the contractors anticipate the taking-over of the plants, and with but a few weeks to elapse before the vessels now on the ways are sent aloft, the shipyard workers are in the unfortunate position of not knowing where they stand, and the proposed demonstration is to be organized for the purpose of finding out just what is being done to keep the shipbuilding industry flourishing in Victoria.

Nigger in Woodpile.
That there is a "nigger in the wood pile" was the statement made to-day by one of the business agents of the ship workers, and the labor organizations are determined to find out just what is hindering the placing of additional shipbuilding contracts here. If shipbuilding is to be allowed to lapse here the workers claim that the existing regulations should be amended to permit them to cross the border and secure employment in the shipyards on the North Pacific coast of the United States.
At the present time hundreds of men who have been engaged in the shipbuilding industry here are out of employment. As each vessel is put down the ways the services of a large number of workmen are dispensed with. A few months ago some thirteen hundred men were employed at the two largest wooden shipbuilding yards in Victoria, the Cameron-Genoa and the Foundation plants, while at the present moment it is doubtful whether 400 men are employed at the two yards.

Place Deserted.
The Cameron-Genoa yard at Point Ellice is practically deserted, there being only one ship; the War Stikine, on the ways, while at the Foundation Company's plant, two ships, the War Canchin and the War Canessa, are rapidly approaching completion.
At a recent meeting of the shipyard workers here it was decided that the time had arrived for a "show down," and preliminary arrangements have been made for the holding of a public demonstration at which all the shipyard crafts will be strongly represented.

COAST SHIPPING NOW THREATENED BY STRIKE

FUSHIMI MARU COMES FROM THE FAR EAST

Unless Conciliation Board Appointed Masters and Mates Will Take Drastic Action

Vancouver, B. C., July 10.—Unless the Federal Government appoints a Royal Commission by next Saturday night to investigate the conditions of masters and mates of British Columbia, there will be a tie-up of every ship and tug running out of British Columbia ports all the way to Alaska. This decision was reached at a meeting of the Canadian Merchant Service Guild last night. Members of the Guild say they will put their words into action next Monday night at 6 o'clock unless their demands are met.
Such a strike is said to contain serious meaning to British Columbia, Canada and the Empire. It will tie up transportation of supplies to and from the canneries and logging camps, and threatens to cause a delay in the important industry of aeroplane spruce production and stop one of the arteries of British Columbia through which foodstuffs come.
The masters and mates declare that they have been negotiating since last April, but the Minister of Labor has been unable to appoint a board owing to the opposition from the companies, unable to unite on a representative for such a board.

SALVAGE STEAMER SALYOR
Which for the past four months has been away from port engaged in salvaging the steamship Admiral Evans. The successful floating of this vessel, which was submerged aft to a depth of sixty-six feet, is considered to be one of the greatest salvage feats ever accomplished on the North Pacific coast.

ARABIA ARRIVES ON HER MAIDEN VOYAGE

Fine O. S. K. Ship Picked Up Pilot Here This Morning En Route to Vancouver

Completing her maiden voyage across the Pacific the Japanese steamship Arabia Maru, of the Osaka Shosen Kaisha, reached William Head early this morning and after securing pratique proceed directly to Vancouver. She is the first vessel of the O. S. K. fleet to bring cargo direct from Singapore, through service to the Straits Settlements having recently been inaugurated.
The Arabia Maru was scheduled to call at this port, and carries shipments of merchandise for local consignees, but as the bulk of the cargo is manifested to Vancouver, and the nature of stowage, the vessel, before leaving the Orient, was ordered to the Terminal City dock.
Built at Nagasaki.
The Arabia Maru, a sister ship to the fine liner Africa Maru, which has already made a couple of trips to this port with Oriental cargo in the regular O.S.K. service. Both vessels were built to the order of the Japanese steamship company at the Kawasaki yards, Nagasaki.
The O. S. K. has assigned the steamships Arabia Maru and Mexico Maru to the route between Hongkong, Yokohama, Victoria and Seattle for the summer season. The Africa Maru will be the next vessel of the fleet to arrive at Victoria with passengers and cargo from the Far East.

GERMAN ACCOUNT OF ATTACK MADE ON BRITISH SUBMARINES

London, July 10.—Describing the German seaplane attack on the British submarines C-35 and C-31 off the mouth of the Thames July 6, a Berlin semi-official statement relayed by the Amsterdam correspondent of the Central News Agency says:
"German airmen attacked the C-35 while her commander and crew were on deck. All the members of the crew were killed by the machine gun fire, but the commander kept firing his rifle at the aviators until he, too, was killed. The seaplanes, which by this time had expended all their ammunition, then returned to the Turkish coast."
"Another seaplane arrived while the submarine C-31 was towing the C-35 and both vessels were attacked with bombs."

FOUNDATION COMPANY MAKES GOOD PROGRESS AT YARDS OVER BORDER

Three more of the 3,000-ton wooden auxiliary vessels being built by the Foundation Company at Portland and Tacoma are to be delivered to Thorn-dyke & Trenholm, of Seattle, this week to be equipped for sea. They are the Commandant Roisen, Captain Guymeyer and the Royce. The vessels Gerbeville, Capitaine Remy and Noyon were recently delivered to the same concern to be made ready for service.
The Foundation Company, a previously announced, have contracted with the French Government to build forty auxiliary-powered vessels. Twenty of these craft are being constructed at Portland and twenty at Tacoma. The company also has the option of taking on a contract for an additional eighty vessels of the same type.

WILHELM AND SOME OF HIS FAMILY HAVE ATTACKS OF GRIPPE

Rome, July 10.—Kaiser Wilhelm has fallen a victim to the influenza that has been prevalent in the German army, according to advices from a Swiss source that have reached the Epoch. These declare that the Kaiser has gone home from the front in France because of an attack of "Spanish grippe," as it is called, and that several members of the Kaiser's family are also suffering from the same malady.

FINLAND WANTS FOOD FROM STATES NOW

Stockholm, July 10.—General Mannerheim, commander of the Finnish Government forces, to-day visited the American Minister to Sweden and asked him what chance there was of Finland getting a supply of food from the United States. The general painted the food situation in Finland in the darkest colors.
The American Minister told him there was very little chance of Finland getting supplies so long as Germany held the country under her control.

IMPROVE CIVIC AND SOCIAL CONDITIONS

Resolution Passed This Afternoon Favored by Vancouver Officials

That this meeting of members of the Civic Improvement League of Canada urge the citizens of the cities, towns and rural districts in British Columbia to organize local Civic Improvement Leagues throughout the province for the purpose of stimulating greater public interest in municipal affairs and to promote future conferences to discuss how best to improve civic and social conditions, was the resolution moved by Alderman Owen, chairman Board of Health, Vancouver, and seconded by Mayor Gale, of Vancouver, following the luncheon held at the Empress Hotel at noon to-day.
In introducing the resolution Alderman Owen stated that the time had arrived when the western provinces should get together on matters relating to the common welfare of the country at large and it was only through co-operation that the work could be successfully carried on. The other western provinces already had assisted legislation and it was up to British Columbia to get in line. He even suggested going further and including the neighboring States on the Pacific Coast in an international movement for the bettering of conditions.
Minister's Address.
Hon. Dr. J. D. Maclean, Minister of Education, gave a short address in which he stated that the question of town planning and civic improvement was one that appealed strongly to all intelligent people. It was a matter that should be especially applied to western countries, such as British Columbia, where a more apt illustration of the benefits to be derived in the matter of public health could not be found.
A large foreign population was allowed to congest in certain sections of towns and cities with insufficient supervision of a general nature. Building regulations should be strictly enforced in these sections providing ample air, ventilation, sewerage and other requirements in order to make the places fit for human beings to live.
Statistics in the hands of the Government showed that a very great many of the contagious diseases had their origin in these sections of the community, the most serious and far-reaching being tuberculosis. Other features and benefits to be derived were dwelt on.
The conditions under which each individual lives has an influence over the whole community, and not only over that community, but the province, and consequently over the whole Dominion. Therefore the question is one of great importance and one deserving of serious consideration.
Municipal Fish Markets.
John R. Babcock, Fisheries Commissioner, stated that while he knew nothing about town planning or civic improvement matters he was in a position to state that it would be of great advantage to all communities in this province and elsewhere if they had municipal markets for the handling of fish.
At the present time the fish traffic was degraded by being handled by dirty Chinamen in dirty quarters, and he felt that one of British Columbia's chief resources was entitled to be raised to a higher plane through the effort of civic organizations. Incidentally he remarked that people as far east as Manitoba could now secure fish at from ten to twelve cents a pound.
On Behalf of Women.
Miss Crease, of the Women's Council, thanked the meeting for the opportunity of bringing women's views before such a capable body of men. Women were greatly interested in nearly all of the questions brought up for discussion by the organization, especially the housing question, supervised playgrounds, health conservation, its various branches, etc. "Women would like to bring about that happy condition where there would be no such thing as strikes, because the people would be living in peace and it is satisfactory to themselves if their aims could be accomplished."
Dr. Bryce, of the Immigration Department, stated that he intended to bring a resolution before the organization relating to the question of "Conservation of Life as a National Necessity." He quoted instances where experiments had been carried out with exceedingly satisfactory results.
Feeble-mindedness and insanity were due to social diseases, and he did not think it right that people suffering in such a manner should be permitted to travel from province to province. There should be a law providing very fully for such cases.

CONVENTION CALLED FOR SEPTEMBER 16

Ottawa, July 10.—The convention call for the Trades and Labor Congress of Canada has been issued. This will be the thirty-fourth annual session, and the meetings will be held in the Provincial Parliament Buildings in the City of Quebec, beginning Monday, September 16. All delegates are required to have at least three bona fide union labels on their wearing apparel. The call is signed by J. C. Watters, president; Arthur Martel, vice-president; and P. M. Draper, secretary-treasurer. It points out that one of the most important matters to consider will be the after-war immigration.

KEEN INTEREST IS TAKEN IN LECTURES

Able Speakers Address St. George's Summer School Classes

Yesterday's programme at St. George's Summer School included a number of interesting lectures in all of which the students took a keen interest. The speakers are all men who have a thorough knowledge of their subjects and the manner in which they are treated at once attracts and holds the hearer in rapt attention. One thing was evident yesterday and that was that there will be nothing dry or uninteresting about the balance of the week's proceedings in which these same lecturers will take part to a large extent.

Dr. Gowen, of Washington State University, a most entertaining lecturer, is the heaviest contributor in the list of addresses scheduled for the week, giving one lecture each morning and another each evening. In the morning his topic deals with the Book of Ezekiel, the titles of his addresses being "The Man and the Time," given yesterday, "The Judgment on Jerusalem," given this morning, and "The Prophet of Individualism" and "The Reconstruction and the Future" to be given to-morrow and Friday respectively.

Eschatology. Lectures on eschatology, the teaching concerning the end of the world, the coming of Christ and the destiny of man, are being given by Dr. Gowen each evening. Last night he dealt with "Eschatology in Primitive Religion," which naturally disclosed a great many interesting facts regarding the superstitious beliefs of the

To Find Out How Long It Takes a Sockeye to Travel to Fraser

QUESTION RESPONSIBLE FOR CONFLICTING VIEW

At the recent meetings of the International Fisheries Conference and for some time past there has been a considerable conflict of opinion concerning the time it takes a sockeye salmon to make the journey from the Straits of Juan de Fuca to the mouth of the Fraser River. So that the officials of the Dominion Government, officials of the United States Government, and both the Provincial Commissioner of Fisheries, the Hon. William Sloan, and his assistant, John P. Babcock, may secure that information by practical test, a process of tagging salmon—strange as it may seem—will be instituted. To make arrangements in this connection Lieut.-Col. F. H. Cunningham, Chief Inspector of Dominion Fisheries, and Henry O'Malley, Chief of the Bureau of Fisheries of the United States Government, were in the city yesterday and held conference with Mr. Babcock.

Tagged on Tail Fin.
In order that this plan may be carried out and the question satisfactorily settled in what is considered the only possible fashion, sockeye taken in the Canadian traps on the Southern shore of Vancouver Island will be gently treated to a process that has heretofore been regarded as the sole prerogative of the Red Cross or other patriotic worker—they will be tagged with silver buttons and liberated. The metal button will be attached to the upper part of the tail fin, and a reward of twenty-five cents will be offered for the return of the tags, together with a memorandum of the date, the hour, and the place of capture. The fish from which the tag or button is removed may be disposed of in the ordinary way at the ordinary price.

Will Treat 200 Per Day.
During yesterday afternoon arrangements were made with the visiting officials with J. H. Todd, Son and the Sooke Fishing Companies to furnish the fish from their traps in the Straits of Juan de Fuca, such arrangement to obtain throughout the season. As at present arranged it is planned to tag 200 fish per day. It should be mentioned here that the fish will be removed from the trap without injury and placed in a floating crate. From this they will be carefully taken separately and to the upper fin of the tail of each one will be affixed a silver button fastened to the upper rays of the fin in such a manner as not to interfere with the movements of the fish. The finny subject will then be allowed to go on his way rejoicing until the day when some eagle-eyed fisherman spots the tag, when his doom will be sounded and the value of the tag received in a modest quarter. Each tag will be stamped with a separate number, while a note will be made of the date, hour and place of liberation.

Well-Known Experts.
Dr. McLeag Fraser, of the Biological Station at Nanaimo, will conduct the marking of the fish at the traps in the Straits of Juan de Fuca in company with W. H. Rich, a scientific assistant of the United States Fish Commission, who for the past five years has been engaged in salmon investigation on the Columbia River in the State of Oregon. The marking of salmon is no novelty to Mr. Rich, who has a good deal of knowledge of the art as practised by him both in Oregon and California. Operations will be commenced during the coming week at Sooke. It should be noted also that in addition to the work done by Messrs. Fraser and Rich at the traps in the Straits, operations will be conducted by scientific assistants of the Bureau of Fisheries and Canadian Agents at traps located on the salmon banks at the southern end of Vancouver Island and at Point Roberts, just south of the Fraser's mouth. Fish taken at these two points will be marked in the same manner as at Sooke but with differently numbered buttons.

Will Solve Question.
By conducting operations at three such widely separated stations it is hoped to show just how long it takes the salmon to travel from one section to another, and Mr. Babcock suggests that it is altogether likely that many of the fish marked at Sooke will be taken in the trap off the salmon bank and at other traps in American waters, as well as those at Point Roberts. The fish nets in the Gulf of the Fraser are also expected to net a proportion, and of course those in the Fraser River will do likewise. Mr. Babcock says that it is even probable that some of the marked fish may be taken at the hatchery collecting stations on the Upper Fraser River.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble. Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling, after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and creates the gas, and the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart. It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Spend a Profitable Thursday Sharing the Benefits of These

Clean-up Bargains

A Clearance of 30 Beautiful Silk Dresses

Regular Values Up to \$39.50
Thursday at \$22.50

Women seeking style and quality at an underprice will surely be pleased with this group of specially priced Dresses. They are made of Crepe de Chine, Georgette, Crepe, Foulards and Taffeta, and trimmed most becoming with braids, satin and self materials, while many are prettily embroidered. Shown are the straight line and waist line effects, in plain and combination colors. Sizes 16-18 and 36. Regular values to \$39.50. Thursday.....\$22.50

BELOW WE DESCRIBE A FEW OF THE MANY STYLES
